

Good News for clubs and fans alike!

Fans will be attending Ghost Games !

Fans are remaining at home and are in the stadium at the same time? That's no magic trick but our offer to all sports clubs, especially during these trying times.

But how is that possible? With our FanBoard platform! Let your fans capture their portrait, place it in a cut-out-frame and a few days later, the fan is sitting in his accustomed seat in the stadium in the form of a individually personalized plastic board. And that's not all our FanBoard can do! The same fan can use the same image to order a poster showing him in a club jersey or battling it out with his favorit player. Let your imagination be the limit!

All of this with practically no effort and hassle on your part! We provide this platform completely free of charge to you, customized with your club colours, coat of arms etc. and we also take care for all the logistics.

None of all this will cost you a dime! On the contrary! The FanBoard offers countless business opportunities more!

Sounds intersting? Then contact us today at info@trevision.at or at **+43 2682 76060!**
